## Website how-to guides

Visit Resource Centre or click here for various guides on how to use the features on our new website

[Click here for tips on how to use our new portal](#)

Quickly search for products by SKU or name and add to basket without moving page. You can also upload your own csv file to add all products you want to purchase to the basket in one go.

**QUICK ORDER**

View all active quotes and convert quotes to order. Quotes are only valid for 30 days, pricing is subject to change. Your account manager will inform you if pricing changes.

**ACTIVE QUOTES**

Save favourites for ease of access for future purchases. You can also set up repeat order templates here if you regularly order the same products.

**FAVOURITES & ORDERING TEMPLATE**

- Login to your account and you will see your account dashboard with various tiles.
- Click on 'Quick Order'

- If using the 'Product Search' Box to search by SKU or product name you will be given a list of results.
- Click on the product you want to view, and it will appear in a grid below the search box.
- Here you can view stock inventory, pricing and adjust the qty before adding to your basket. You can also use the 'Unit of Sale' dropdown to view any bulk pricing.
- If you want to proceed with the purchase you need to click 'Add to Basket', the products will then appear in a further grid underneath, this will allow you to continue to search and add multiple products to your basket. Once happy you can click 'Checkout' and complete purchase.

Solis-MINI-700-4G	 Solis MINI 4G 700W Solar Inverter - Single Phase	59		Each	1	29		
Solis-MINI-1500-4G	 Solis MINI 4G 1.5kW Solar Inverter - Single Phase	4		Each	1	2		

- You can choose to upload a saved file of multiple products in one go. To do this it must be in the correct format, so you need to download the sample csv. file and use the headers in this file. Save the file once populated then click browse, locate the file and then click upload.
- 'StockKeepingUnit' must be the same as how the SKU appears on our website (you can download a copy of our pricelist, so you have a quick reference to exact SKUs).
- 'StockQty' is how many you require of that SKU.
- 'UnitofSale' should always say 'Each' and 'BarCode' can be left blank.
- Once happy you can click 'Checkout' and complete purchase.
